

ASHLESH S ACHARYA

Kasaragod, Kerala | ashleshsacharya@gmail.com | +91-8289955918 | [LinkedIn Profile](#)

PROFESSIONAL SUMMARY

Engineering graduate with 2+ years of experience in technical support and customer communication, seeking to transition into a Junior Business Analyst role. Proven ability to analyse problems, document processes, gather stakeholder requirements, and communicate technical concepts to non-technical audiences. Hands-on experience with ITSM tools, process troubleshooting, and client-facing communication. Additional background in technical training and content creation strengthens skills in documentation, instructional design, and stakeholder engagement.

CORE COMPETENCIES

Requirements Gathering & Documentation • Process Analysis & Mapping • Stakeholder Communication • Root Cause Analysis • Technical Writing & Reporting • PEGA (CRM/ITSM) • Genesys Cloud • cPanel / SSH / Linux • MS Excel • DNS & Web Hosting Systems

PROFESSIONAL EXPERIENCE

Technical Support Engineer | **UnifyCX — Mangaluru** Oct 2023 – Present

IT Support for web hosting clients | Process documentation | Stakeholder communication

- Analysed recurring client issues across web hosting, DNS, and email platforms, identifying root causes and documenting structured resolution workflows to improve team efficiency.
- Gathered requirements from clients to understand business needs and translated them into actionable technical solutions — mirroring BA-style requirement elicitation.
- Maintained detailed logs and incident reports for each client case, ensuring traceability and supporting knowledge base development.
- Communicated complex technical issues to non-technical stakeholders (business owners, marketing teams) in clear, accessible language.
- Used PEGA and Genesys Cloud platforms for case management, task tracking, and cross-team coordination — tools commonly used in BA/ITSM workflows.
- Proactively identified gaps in client knowledge and created structured guidance to improve self-service adoption and reduce repeat escalations.

Technical Trainer | **FACEPrep — Coimbatore** Jun 2023 – Oct 2023

Training delivery | Curriculum facilitation | Student needs assessment

- Assessed learning needs of students across Tamil Nadu and designed training sessions aligned to skill gaps — a process analogous to stakeholder needs analysis.
- Delivered structured technical training sessions on coding fundamentals and professional skills including LinkedIn for career development.
- Coordinated with institution stakeholders to align training content with expected outcomes, demonstrating ability to manage expectations and deliver against defined requirements.

Video Anchor & Script Writer | **Times of Kudla (Part-time)** Oct 2025 – Feb 2026

Content strategy | Research | Script documentation

- Researched current affairs and translated complex information into concise, audience-appropriate scripts — demonstrating strong analytical writing and documentation skills.

- Produced structured content covering health, culture, and general knowledge, requiring continuous stakeholder (audience) understanding and iterative refinement.

EDUCATION

Bachelor of Engineering — Electronics & Communication | A J Institute of Engineering & Technology 2019 – 2023

CGPA: 7.1 | Relevant skills: Analytical thinking, technical documentation, structured problem-solving

PROJECTS

Low-Cost Smart Spirometer

- Led end-to-end design of a health monitoring device — defined functional requirements, documented specifications, and coordinated scope for future mobile app integration.
- Managed project scope and deliverables within resource constraints, reflecting core BA skills of feasibility analysis and requirement documentation.

CERTIFICATIONS & DEVELOPMENT

- Business Analytics for Beginners — Great Learning, May 2026. Completed foundational training in descriptive, predictive, and prescriptive analytics including data visualization and business insights generation.
- Excel for Beginners — Great Learning, Jul 2026. Completed foundational Excel training covering spreadsheets, data entry, formulas, and basic data organisation for business use.
- Actively preparing for IIBA Entry Certificate in Business Analysis (ECBA) — in progress, 2026.
- Self-studying: Business Process Modelling (BPMN), Use Case Documentation, Agile & Scrum fundamentals.
- Familiar with MS Excel; familiar with basic SQL concepts.

ADDITIONAL INTERESTS

Content Creation & Script Writing • Pencil Portrait Art • Science Fiction • Philosophy • Singing & Video Anchoring
